

The BUBBLY TRUBBLY RAP

Get out of your seat and start to clap
This is what we call 'The Bubble Rap'

Do you see that bubble
Floating in the sky?
It might be trouble
I'll tell you why
If it pops you might
Get soap in your eye
Gotta wash it out with water
Before you start to cry

One bubble come
Two bubbles go
Three bubbles fast
Four bubbles slow
Her bubble floats and
His bubble pops
Here's another bubble that is never
gonna stop, hello!

I was climbing on the letters over
Alphabet Mountain
Then I saw the Fliggs dump the sounds
in the fountain

Fliggnorance told them where they
were, and they found them
Go to the Bubbly Trubbly Fountain,
sound them out

The Fliggs took the sounds from the
Cake Factory
Taking things that aren't yours doesn't
seem right to me
Now the Ooka Elves can't make one cake
You gotta lend a hand for goodness' sake

There's trouble!
In the bubbles!
Save the sounds!
Sound them out!

Now it is time for me to take a nap
This is what we call 'The Bubble Rap',
good night!
